Your identity has been verified successfully

Continue to select your Support Plan

10. **Important! Select the Basic (Free) plan!!!** Click Continue.

Please Select One

◉ **Basic (Free)**
Contact Customer Service for account and billing questions, receive help for resources that don't pass system health checks, and access the AWS Community Forums.

○ **Developer ($49/month)**
Get started on AWS - ask technical questions and get a response to your web case within 12 hours during local business hours.

○ **Business (Starting at $100/month - Pricing Example) - Recommended**
24/7/365 real-time assistance by phone and chat, a 1 hour response to web cases, and help with 3rd party software. Access AWS Trusted Advisor to increase performance, fault tolerance, security, and potentially save money. ❓

○ **Enterprise**
15 minute response to web cases, an assigned technical account manager (TAM) who is an expert in your use case, and white-glove case handling that notifies your TAM and the service engineering team of a critical issue.

If you select this option, you will not be charged immediately. We will contact you to discuss your needs and finalize the signup.

Continue

11. You will be taken to the next screen. Click Sign in to the Console.

Welcome to Amazon Web Services

Thank you for creating an Amazon Web Services (AWS) Account. We are in the process of activating your account. For most customers, activation only takes a couple minutes, but it can sometimes take a few hours if additional account verification is required. We will notify you by email when your account is activated.

Sign In to the Console

Contact Sales

12. In the next screen, in the top right corner, click on your name. A drop down menu will appear. Next, click on **My Account**. The first line of information will have your Account ID. Write down this Account ID, you will need to use it later.
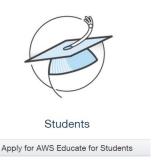

Part 2. Apply for AWS educate.

13. Navigate to http://aws.amazon.com/education/awseducate/
14. On the next page, click the Apply Now button

15. On the next page, click the Apply for AWS Educate for Students button.

16. On the next screen you need to enter your information and Account ID, which you received in Part 1 (see above). Then click Next.

Enter Account ID which you received in part 1

17. On the next screen, you will need to enter a code, which Amazon would send to your email to complete a verification.

18. On the next screen, you need to scroll down and check box Accept the terms in order to get your free account. Then click Submit.
19. You will get a final Thank you message after submitting .
20. Include the full screen shot of your screen, which should display this message as well as system date and time into a Word document and submit it via Webcampus.
